

HERTFORD COLLEGE, UNIVERSITY OF OXFORD
THE BRUCE, JULIA AND MORTIMER MAY SENIOR
SCHOLARSHIP

A fully-funded Graduate Research Studentship in Geography

Hertford College, through the Trustees of the Bruce, Julia and Mortimer May Fund, intends to award a Senior Scholarship in Geography. The Scholarship, which is open to Home, EU and Overseas applicants, will be tenable from October 2015 for three years. It covers all relevant university and college fees and the holder will, in addition, receive £15,000 a year to cover living expenses. Continuance of the award for a second and third year will be determined by the Trustees on receipt of satisfactory academic reports.

Further details, including information on the rights of Senior Scholars at Hertford are available here <http://www.hertford.ox.ac.uk/discover-hertford/graduates/graduate-scholarships> .

The award will be dependent on the candidate being admitted to read for a research degree by the Department of Geography to which a separate application must be made. Applications should reach the Academic Administrator, Hertford College, by 13th February 2015 and should include a statement of the candidate's qualifications and a research proposal (there is no application form). Two referees should be asked to send letters of reference separately to the Academic Administrator also by 13th February 2015.
